KMO and Bartlett's Test

Kaiser-Meyer-Olkin Measure of Sampling Adequacy.		.952
Bartlett's Test of Sphericity	Approx. Chi-Square	3086.083
	df	276
	Sig.	.000

Communalities

	Initial	Extraction
I feel confident analyzing a long-term problem to find a solution.	1.000	.579
I feel confident in representing my work area in meetings with management.	1.000	.575
I feel confident contributing to discussions about the university's strategy.	1.000	.596
I feel confident helping to set targets/goals in my work area.	1.000	.611
I feel confident contacting people outside the university to discuss problems.	1.000	.546
I feel confident presenting information to a group of colleagues.	1.000	.659
If I should find myself in a jam at work, I could think of many ways to get out of it.	1.000	.551
At the present time, I am energetically pursuing my work goals.	1.000	.606
There are lots of ways around any problem.	1.000	.596
Right now I see myself as being pretty successful at work.	1.000	.637
I can think of many ways to reach my current work goals.	1.000	.635
At this time, I am meeting the work goals that I have set for myself.	1.000	.622
pcq13_r	1.000	.577
I usually manage difficulties one way or another at work.	1.000	.619

Communalities

	Initial	Extraction
I can be on my own, so to speak, at work if I have to.	1.000	.611
I usually take stressful things at work in stride.	1.000	.614
I can get through difficult times at work because I have experienced difficulty before.	1.000	.631
I feel I can handle many things at a time at this job.	1.000	.506
When things are uncertain for me at work, I usually expect the best.	1.000	.638
pcq20_r	1.000	.469
I always look on the bright side of things regarding my job.	1.000	.650
I am optimistic about what will happen to me in the future as it pertains to work.	1.000	.553
pcq23_r	1.000	.583
I approach this job as if every cloud has a silver lining.	1.000	.574

The chance to work alone on the job.	.473	.538
The chance to do different things from time to time.	.693	.308
The chance to be somebody in the community.	.623	.409
The way my boss handles his/her workers.	.501	.387
The competence of my supervisor in making decisions.	.501	.460
Being able to do things that do not go against my conscience.	.668	.269
The way my job provides for steady employment.	.417	.562
The chance to do things for other people.	.497	.499
The chance to tell people what to do.	.257	.707

Rotated Component Matrix^a

	Component	
	1	2
The chance to do something that makes use of my abilities.	.478	.498
The way university policies are put into practice.	.645	.288
My pay and the amount of work I do.	.561	.450
The chances for advancement on this job.	.612	.329
The freedom to use my own judgment.	.500	.448
The chance to try my own methods of doing the job.	.131	.784
The working conditions.	.616	.269
The way my co-workers get along with each other.	.510	.492
The praise I get for doing a good job.	.443	.530
The feeling of accomplishment I get from the job.	.335	.628

Extraction Method: Principal Component Analysis.

Rotation Method: Varimax with Kaiser

Normalization.

a. Rotation converged in 3 iterations.
